## REFUNDS ON SUBSCRIPTION CANCELLATIONS

Effective October 1, 1976, the policy of the Superintendent of Documents for making refunds on subscription cancellations will be as follows:

**DATED PERIODICALS.**—Those subscriptions issued on a regular basis such as daily, weekly, monthly, quarterly, etc. may be cancelled and a refund made if the request for cancellation is received before six months' service has been provided. No refund will be made if the subscription is cancelled after six months. Since the mailing labels are frequently produced ahead of the issue date of a periodical, and it is impractical to manually sort these out during the mailing operation, the refund will be prorated based on the number of issues already mailed or scheduled for mailing.

**BASIC AND SUPPLEMENTAL SUBSCRIPTIONS.**—Subscriptions of this type usually consist of a basic manual or beginning group of materials that are serviced by providing additional materials or changes as issued. Since these are backdated to include issues or materials already published, the major portion of the subscription service is provided on the initial mailing. Therefore, no refunds will be made when this type subscription is cancelled.

## Preface

In response to requests by the library community and the Depository Library Council to the Public Printer, the Assistant Public Printer (Superintendent of Documents) in the summer of 1974 directed the Library Division to join the Ohio College Library Center's on-line cataloging network, convert to the MARC format, and catalog according to Anglo-American cataloging rules (AACR).

The *Monthly Catalog* utilizes AACR and Library of Congress main entries. Subjects are derived from *Library of Congress Subject Headings* 8th edition and its supplements. The catalog consists of text and four indexes—author, title, subject, and series/report number.

The Government Printing Office considers the *Monthly Catalog* to be an evolving publication. Its scope and timeliness will continue to be of prime importance.

## Explanation

Under provisions of the Printing Act of January 12, 1895, all Government publications, except administrative and confidential (or restricted), are entered in the Monthly Catalog.

Entries in each catalog are sequenced in Superintendent of Documents classification order. Centerheads are used for organizations at departmental level and for independent bodies. Subordinate offices are listed under the larger units.

Words and figures enclosed in brackets [ ] in titles are given for information, but do not appear on the title pages of the publications cataloged. Place and printer are not given for publications printed at Government departmental and field printing plants.

The L.C. card number appended to some of the entries is for those libraries ordering printed cards from the Library of Congress. The number centered above each entry indicates the classification of the publication in the Office of the Superintendent of Documents. Two or more numbers may be used to account for multi-volume sets cataloged in one entry. Some local and NLM subjects will be used. Local subjects will be indicated by a star (☆). NLM will be indicated by an asterisk (\*) ISBN's may be incorrectly formatted until GPO makes program changes.

## General Information

The Superintendent of Documents, U.S. Government Printing Office, Washington, D.C., 20402, is authorized by law to sell copies of Government publications. A 25 percent discount is allowed to purchasers of 100 or more copies of a single publication mailed to one address. Bookdealers, buying for the purpose of resale, may receive the same discount regardless of quantity if the publications are mailed to their place of business. No discount is allowed when the publications are mailed to a third party unless in quantities of 100 or more, or on several periodicals or groups of publications which fall into a special pricing category.

### PRICES

The prices of all U.S. Government publications sold by the Superintendent of Documents are established by the Public Printer in accordance with Title 44 of the United States Code.

Prices are subject to change and the prices charged on your order will be those in effect at the time your order is processed. As it is not feasible to manually correct the prices in the publications affected by price changes, the prices charged on your order may differ from those printed in the publications.

Although the issuing agencies generally know about price changes, some agencies inadvertently continue to publish announcements, order forms, and catalogs which contain erroneous prices. Frequently, the news media publish articles with erroneous or outdated prices.

### PRICE LIST

There is no general price list of public documents, but numerous bibliographies have been prepared on special subjects and these will be furnished, on application, by subject or subjects concerning which information is desired. It will also be noted that current publications which are for sale are listed in this catalog.

### LIST OF SELECTED PUBLICATIONS

In addition to the subject bibliographies, the Office of the Superintendent of Documents issues a monthly list of Selected United States Government Publications for sale by the Superintendent of Documents. Each list contains annotations and prices, and may be obtained free upon application to the Superintendent of Documents.

### CONGRESSIONAL PUBLICATIONS

Subscription service has been implemented for the following groups of Congressional publications: House and Senate Documents; House and Senate Hearings; House and Senate Reports on Public Bills; House and Senate Reports on Private Bills; Public Bills; Private Bills; Public Laws; and Private Laws. In most cases, single copies of publications in these groups of Congressional publications are not sold. Sales copies of a few of the more important ones are printed, and you will find the sales prices listed in the individual entries. The current subscription prices may be obtained from the Superintendent of Documents.

# How To Order Publications

Publications entered in this catalog that are for sale by the Superintendent of Documents are indicated by a "for sale" statement in the text entries. Those Congressional publications which are not for sale may be obtained from the responsible Committee, or from the House or Senate Documents Room. Entries for publications sold by National Technical Information Services include a statement to that effect. Unless otherwise indicated, publications are distributed by the issuing office which appears immediately before the publication date in each entry. Additional information necessary for procuring documents appears above or within text entries. Requests to issuing offices should contain titles and dates of publications.

Do not use the L.C. card number in ordering publications.

## HOW TO REMIT

Remittances for Government Printing Office sales documents should be made to the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402, by check or money order. Publications cannot be mailed in advance or receipt of remittance. Foreign remittances should be made by International Postal Money Order, by draft on a United States or Canadian bank, or by UNESCO Coupons. All remittances should be made payable to the Superintendent of Documents.

*Orders received with postage stamps, International Response Coupons, or foreign money will be returned.*

Persons who make frequent purchases from the Superintendent of Documents may find a deposit account convenient. Deposits of \$50.00 or more are accepted against which orders may be placed without making individual remittances or first obtaining quotations. Order blanks are furnished for this purpose. After the handling of the order has been completed, it will be returned showing the publications supplied, explanations regarding those not sent, and the amount of charge.

No charge is made for postage on documents forwarded to points in United States and its possessions. There is a special handling charge on all orders mailed to other countries. The charge is one-fourth of the current selling price of publications and subscription services ordered. This is to cover the special handling required to comply with the customs and international mailing regulations.

## USE STOCK NUMBERS FOR BETTER SERVICE

Because we now warehouse, store, and pick publications by their stock numbers (S/N), we can process your orders more quickly and accurately if you order by stock number and title. If you don't know the stock number, then order by title and the classification number which appears above each entry. Congressional documents and reports should be ordered by title together with the document or report number and the Congress, e.g., 94-1:H.doc.1.

## LIBRARY CLASSIFICATION OF GOVERNMENT DOCUMENTS

The classification given above entries for departmental publication is that used in the Library Division of the Office of the Superintendent of Documents. The shilling mark (/) separates what ordinarily would be superior or inferior numbers or letters. It is not practicable to print these numbers or letters as *superiors* or *inferiors* in the Monthly Catalog.

# New Classification Numbers

## Health, Education, and Welfare Department.

HE 1.53:date ..... Annual report to Congress on Child Support Enforcement Program.

National Institute on Drug Abuse.

United States. Geological Survey.

Seismic engineering program report, January-March, 1976 / prepared on behalf of the National Science Foundation. — [Menlo Park, Calif.] : U.S. Dept. of the Interior, Geological Survey ; Arlington, Va. : free on application to branch of Distribution, U.S. Geological Survey, 1976.

v, 17 p. ill. ; 26 cm. — (Geological Survey circular ; 736-A)

"The Seismic Engineering Program ... supported by the National Science Foundation (Grant CA-114)" ...

Contains summary of all accelerograph records obtainable during the period January-March, 1976 ... and preliminary reports on the southern California earthquake of January 1 and the Guatemala earthquake of February 4 ... and information on the availability of digitized data.

Item 620-A
